

Children's Church is for grades 1st through 4th!

We've designed Children's Church to teach God's love and mercy on a level perfect for kids to understand. Kids learn through various activities that all point back to the Bible lesson. Our focus is on learning by experiencing the Bible.

What does that mean?

It means that we teach kids using skits, object lessons, hands on activities, videos, and participation!

We also have a Kids Worship that prepares them for the lesson each Sunday. Our songs are on a child's level, energetic, and have motions. We use these songs to reinforce what we'll be learning about that day!

I hope to see you and your child this Sunday at Milldale!
